*Attendees:* Rector, Deputy Rectors, Heads of Relevant Departments, Faculty Deans

### **Agenda:**

#### ***Evaluation of Library Resources and Learning Materials:***

Conducted an assessment of the adequacy and development of library resources, including physical collections and digital databases.

Reviewed feedback from students and faculty regarding the availability and relevance of learning materials.

Analyzed usage data to identify areas of high demand and potential gaps in the library's collections.

#### ***Consideration of Expansions or Enhancements to Library Services:***

Discussed potential expansions or enhancements to library services to better meet the needs of users.

Explored opportunities to improve access to digital resources and online learning materials.

Considered the implementation of new technologies or systems to streamline library operations and enhance user experience.

#### ***Planning for Digital Access and Remote Learning:***

Examined strategies for improving digital access to library resources, particularly for remote and online learners.

Discussed initiatives to expand virtual library services, such as online research assistance and virtual workshops.

Considered the integration of digital learning platforms and open educational resources (OERs) into the library's offerings.

### **Conclusion:**

The Library and Learning Resources meeting provided a comprehensive review of library resources and services, as well as discussions on potential expansions and enhancements. By prioritizing user feedback and leveraging technology, the

university aims to improve access to learning materials and support student success in an increasingly digital learning environment.

**Next Steps:**

- Implement recommendations for expanding or enhancing library services based on discussions during the meeting.
- Continue to gather feedback from students and faculty to inform ongoing improvements to library resources and services.
- Explore partnerships with publishers, consortia, and other institutions to expand access to digital resources and reduce costs for students.
- Invest in staff training and technology infrastructure to support the delivery of digital library services and remote learning initiatives.
