

Summary Report: Library and Learning Resources

The Library and Learning Resources meeting at Alisher Navo'i Tashkent State University of Uzbek Language and Literature offered a comprehensive review of library resources and services. Discussions centered on evaluating adequacy, development, and potential expansions of resources and services. Emphasizing user feedback and technological advancements, the meeting highlighted strategies to improve access to digital materials and enhance support for remote learning. Action plans were outlined to implement enhancements, gather ongoing feedback, and invest in staff training and technology infrastructure, reflecting the university's commitment to providing quality learning resources in an evolving digital landscape.
