Project purpose: PZ - 2020042022 in terms of project “Linguodidactic electronic platform of Turkic languages ”, an e-platform will be created for lingvodidactic materials, audio and video clips in the Uzbek language, Turkish, Azerbaijani, Kazakh, Kyrgyz, Tatar for Uzbek, Turkish, Azerbaijani, Kazakh, Kyrgyz, Tatar speaking population in our country

Main objective: The "Linguodidactic Electronic Platform of Turkic Languages" can be used by the general public who intend to learn Turkic languages, as well as by Turkish philologists in the higher education system. It will also contain entire integrated electronic resource for Kazakhs, Turks, Azerbaijanis, Kyrgyz and Tatars who dwell in Uzbekistan to learn their own native languages.

Expected results: creation of a comparative grammar of the Uzbek, Turkish, Azerbaijani, Kazakh, Kyrgyz, Tatar languages. To attain this goal, an electronic monograph "Comparative Grammar of the Turkic languages" will be created, inserted on the platform, prepared for publication. To development of domestic and international tourism in our country through an electronic platform, dedicated to the promotion of the similar language varieties of Turkic people;

Scope: “Linguodidactical electronic platform of Turkic languages” serves as vital resource for national cultural centers (Kazakh, Kyrgyz, Tatar-Bashkir, Turkish, Azerbaijani national cultural centers) under the Committee on International Relations and Friendship with Foreign Countries under the Cabinet of Ministers of the Republic of Uzbekistan and public organizations of compatriots abroad as well.

Project implementation: PZ - 2020042022 in the framework of practical project “Electronic Linguodidactic Electronic Platform of Turkic Languages” for 2020-2022 (1,500,000,000 soums)
