

End poverty in  
all its forms  
everywhere

1 NO  
POVERTY

# NO POVERTY

## SDG 1. END POVERTY IN ALL ITS FORMS EVERYWHERE

TSUULL begins new projects with the Student Community to increase awareness of students financial conditions and give them support both financially and educationally. One the main perspective of SDG is tackle issues that poverty, including being unemployed, therefore we organise scholarship and support team for low-income families.

Every year we support people who come from low-income families and criteria for accommodation is loosened for:

Students' support	the number in 2023
people with disabilities	64
students who have lost their breadwinners	144
students in "Temir Daftar"	23
students in "Ayollar Daftari"	34
students in "Yoshlar Daftari"	109

### Donation Program For Students

We would like to share the social responsibility initiative of our University - Donation Program. This Donation Program aims at achieving the Sustainable Development Goals (SDGs) of the United Nations Agenda 2030. The University Foundation provides partial or full assistance to the students with financial shortage from remote places of Uzbekistan with the highest level of poverty.

University increases the number of opportunities for low-income family students. For example, in **2021**, there were approximately 280 students who need financial support. This number increased to 300 in **2022**. University provided these students with financial support and this figure is around 316 in **2023**, and university give both financial and educational support such as scholarships and free language courses for these students.

Apart from these, we also try to provide students with free tickets to cultural activities such as museums, parks and theatres to enjoy their free time.

## Erasmus+ exchange program

For female academic staff to encourage and support them. Two professor teachers participated successfully

## Orhun exchange program

Certificate of Turkish Language Proficiency Exam, Academic Performance, GPA

## We have supported our students through the Orhun Exchange Program.

The Orhun Exchange Programme aims to facilitate the exchange of students and academic staff among Turkish Council Universities members. 2023-2024 Academic Year Fall and Spring Semester ORHUN exchange program applications have started for undergraduate, graduate (must be in the course stage) and PhD students and Academic Staff who want to study for a semester in the announced departments of the member universities of the Organization of Turkic States Turkic Universities Union. Students do not pay any tuition fees to the host institution during the programme, but they continue to pay the obligatory tuition fees to their home institutions. At TSUULL, three students has already been winners of this exchange program and study at International Universities.

I am a bachelor student who had been accepted for ORHUN Student Exchange Program 2023. I studied at Ege University in Izmir (Türkiye) from October 2, 2023, through February 2, 2024 for a semester. That was a great opportunity to get more experience and interact with international students. Majority of tuition fees were covered by exchange program and that was a great financial support for me.

# The Rector's Commitment to Youth.

The Rector of Alisher Navoi Tashkent State University of Uzbek Language and Literature, academician Shukhrat Sirojiddinov, demonstrated his unwavering commitment to the youth. A dedicated working group, led by the rector himself, visited the homes of four out of 25 youths assigned to the university. These visits were not mere formalities; they involved gathering in-depth information about their living conditions and assessing whether previously identified issues had been resolved.

## TSUULL Advances the Third Mission of Universities: Commitment to Social and Economic Development

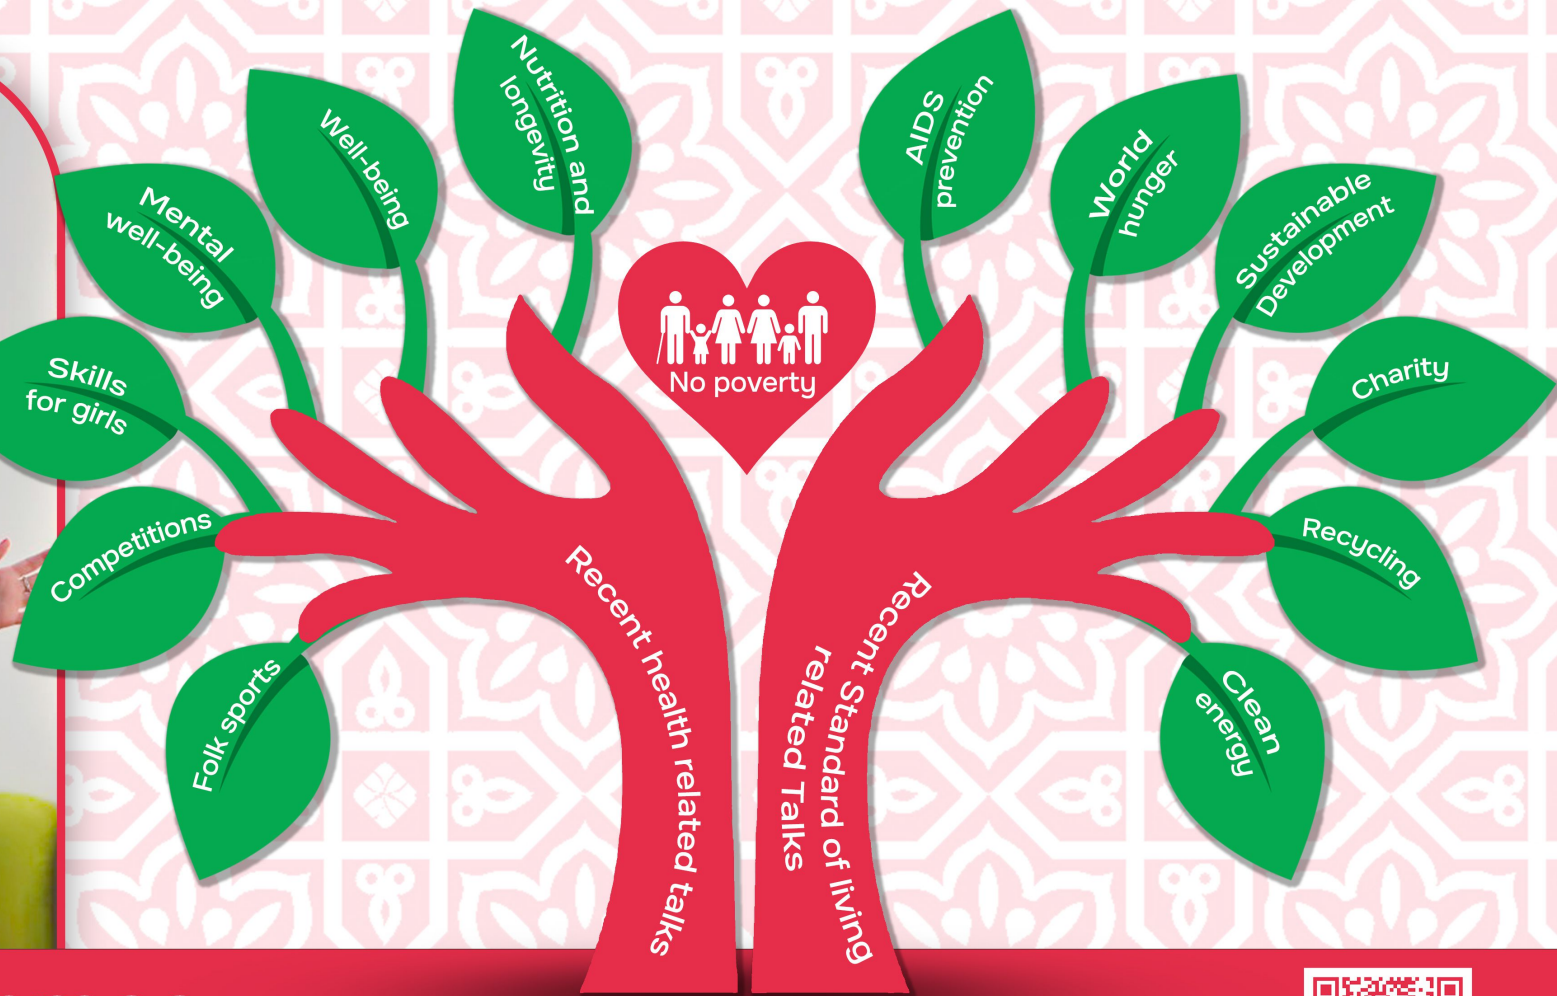

The Group of Higher Education Reform Experts (HERE), an initiative spearheaded by the European Union, convened a two-day seminar on May 13-14, 2024, at 'Silk Road' University of Tourism and Cultural Heritage in the historic city of Samarkand. The theme of the seminar, *"The Third Mission of Universities: Cooperation for Social and Economic Development,"* brought together a diverse array of experts, including Prof., Dr. Nozliya Normurodova, TSUULL vice-rector for international cooperation.

Throughout the seminar, participants delved into key strategies aimed at enhancing universities' societal impact. Discussions revolved around the importance of interdisciplinary research, continuous learning initiatives, and the promotion of open access to education and research.

Notably, universities across Europe and neighboring regions have embraced strategic partnerships with businesses and civil society organizations to collectively address these challenges. The imperative for universities to demonstrate their relevance and impact in society has led to the adoption of innovative approaches and transformative strategies in education and research.

## Our programmes

### TSUULL Talks

Open public talks named "TSUULL Talks" have been organized in our university since 2022 and focus on supporting efforts to reduce poverty and increase participation within communities, strengthening the voices and priorities of young people, and supporting partnerships and collaboration between organizations and services to enable change. TSUULL Talks are mainly held by foreign professionals from various countries. Talks mainly cover topics related to Health, Diet and Nutrition, Child mortality and Standard of living covering cooking fuel, sanitation, drinking water, electricity, housing, assets.
