

TSUULL CAMPUS PARKING & TRAFFIC REGULATIONS

Functional Category	
Approval Date	2017
Effective Date	2017

Parking at Alisher Navo'i **Tashkent State University of Uzbek language and literature (TSUULL)** is limited and in great demand. Parking & Transportation Services (PTS) at the University makes every effort to provide adequate parking. However, limited space, increasing enrollment, and new facility construction often make parking a challenge for visitors, students, and employees of the University. Parking rules exist to ensure an orderly campus environment and a fair allocation, and use of, available parking space. The rules are not intended to punish but to educate. Parking rules are regulatory and should be interpreted fairly. These rules should ensure parking is orderly, fair, and convenient to all within the limits of the available space and facilities.

The responsibility of finding a legal parking space rests with the vehicle operator. A parking permit does not guarantee a parking space. However, it does grant the privilege to park in one space in the designated area when parking is available. Inability to find a space does not constitute a license to violate these regulations. If a permit holder cannot find a parking space, he/she should contact Parking & Transportation Services dispatch office at **(+998 71) 2814511** for guidance. Use of emergency flashers does not excuse illegal parking or otherwise relieve the operator from compliance with these regulations.

Legal Parking Space

A legal parking space is designated by two white stall lines in paved areas, by concrete bumper blocks or wheel stops in unpaved lots (vehicles must be parked perpendicular to concrete bumper block or wheel stop), or by signs for parallel parking.

Restricted Spaces

The following are examples of restricted and prohibited spaces. They are restricted for the designated purpose and require permits or have defined time limits. Most restricted spaces are enforced 24/7. However, specific hours of control are posted on each sign.

1. Disabled
2. Load/Unload
3. Service
4. Reserved
5. Department Reserved
6. Fire lanes

Special Events

Parking & Transportation Services has the authority to reserve parking lots and garages in part or whole for the purpose of allowing parking for special events. There may be special event fees charged to use these areas or they may be reserved for special event permits or ticket holders. Vehicles parked in violation may be subject to citation and in some cases, towed.

Maintenance, Emergency, Special Access Needs

The University reserves the right to close any campus parking area at any time if it is deemed

necessary for maintenance, safety, or to meet other special access needs. Emergency personnel and emergency maintenance personnel performing duties may deviate from these regulations as required to conduct emergency activities prescribed by, or necessary to, the University. Personnel performing routine or scheduled maintenance must obtain prior approval from the Executive Director of Parking & Transportation Services or designee prior to deviating from these regulations. These vehicles must display an exemption permit which can be requested, authorized.

General Requirements for bicycle usage

- a. Verification of TSUULL employment, student enrollment or affiliation.
- b. Payment after 5 hour usage of the vehicle

TSUULL Disabled Permit

Level 1 – allows parking in all lot/zone/street parking throughout campus in disabled spaces only.

Level 2 – allows parking in all lot/zone/street parking and garages throughout campus in disabled spaces only.

Summer Permit

Permit allows parking in designated locations beginning in May. Permit cost is pro-rated based on annual permit price

Press Permit

Permit allows occasional use by members of the news media only during official hours.

Permit is valid in surface lots, Passport hourly pay spaces, or other prearranged locations.

Permit is not valid in:

- a. Service, disabled, loading zones, no parking areas, or any reserved spaces.
- b. During any event when parking is controlled (reserved or pay at entry)

False Registration

Only Parking & Transportation Services is authorized to sell parking permits. No person shall obtain, attempt to obtain, or use an altered, stolen, lost, or counterfeit parking permit or a permit issued upon false information. Giving a false name, address, ID number, or other false information shall constitute false registration.
